

ที่ล็อค

DPARK™

## ที่ล็อคช่องจอดรถยนต์ PARKING LOCK

Model :

CP-PLU02

### Intelligent Feature

- Control: Remote Key, APP, Software
- 180° two ways arm protection
- Manual release available in emergency
- LED flashes when the voltage is low
- Rebounded arm protection when hitting
- Waterproof
- 2 Tons overloading ability
- Battery:Storage Batter/Dry Battery

### Technical Specification

| Model            | CP-PLU02         |
|------------------|------------------|
| Dimention        | 450x 440 x 70 mm |
| Rating Voltage   | DC6V             |
| Working Current  | ≤1.2A            |
| Weight           | 8Kg              |
| Speed            | 3s ~ 6s          |
| Protection Grade | IP67             |
| Effective Load   | 2000KG           |
| Motor power      | 60w              |
