

-Electrical current:	AC100V~240V 50/60Hz
-Power:	10W
-Zones:	6/12/18 zones
-Sensitivity:	from 0- 299
-Work environment:	-2 0°C~+45°C
-Inner width:	700mm(7 20mm optional)
-Outer frame: 2220mm	(h) x 820mm (w) X 522mm (d)
-Inner frame: 2000mm	(h) X 700mm (w) X 522mm (d)

WALK THROUGH METAL DETECTOR

auto detect metal, weapons carried by passengers

DESCRIPTION

- Stable performance, 6, 18 zones
- Waterproof, automatically calibration after power on
- Two LED bars, LCD display to show the pass, alarm number.
- Easy to operate for security professionals and operators who may not have technical background.

FEATURES

- Self-diagnostic procedures
- LCD friendly operation interface for user
- Automatically calibration
- Can be divided into 6, 18 detect zone
- Two LED light bars on both door panels
- Shock proof to avoid false alarm
- Multi-language software interface support
- Advanced broadband detection technology: can detect ferrous and non-ferrous articles
- Sensitivity adjustable from Level 0 to 300 High: Can detect a clip.
- Intelligent traffic and alarm counters that calculate traffic flow and resultant alarms
- Tamper-Proof: operate program is protected by password.

FUNCTION

- Adjustable sensitivity
- With remote control
- Auto calibration
- Can detect paper clip and RMB coin
- Sound and light alarm
- date/time display
- Built-in backup battery
- Passenger and alarm account
- Connect to network or PC(option)
- Both side LED light bar show weapon location in human body
